Campsite. The Campground will allow the Camper the use of a Campsite for all lawful purposes consistent with the Campground's Rules.

Campground Common Features and Attractions. The Campground will allow the Camper to use its common features and attractions, which are shared with all other Campers. Because of varying numbers of Campers, maintenance requirements and weather, there is no guaranty of availability of any common features or attractions.

Camper's Obligations. General Obligation. The Camper will use the Campsite in a manner which is safe, orderly, lawful, sanitary, clean and respectful of the rights of other Campers and of the Campground's property and other Guests.

In addition to this General Obligation, Campers must do all of the following:

- A) The Camper will Pay all deposits, fees and charges when due.

Limitations on Campground Liability. The Campground desires to provide Campers with an enjoyable camping experience. However, camping takes place in an outdoor recreational setting. There are aspects of any recreational experience that cannot entirely be controlled or made free of risk. The Campground is not liable for weather conditions, natural events, damages caused by wrongful conduct or carelessness of others. By signing this Agreement, the Camper acknowledges that by participating in recreational activities, the Camper accepts the risks to themselves, their Guests, their Units, their Vehicles, and their personal property, which are inherent in the recreational activity. The Camper is advised that Wisconsin law (Section 895.525, Wis. Stats.) limits the liability of the Campground and imposes duties on the Camper to take precautions for their own safety, and personal property, while engaged in recreational activities.

Reimbursement of Campground for Losses Caused by Camper. In the event that any action or omission of the Camper or Guests of the Camper cause the Campground to pay damages to any other person or party, the Camper shall reimburse the Campground for those damages, as well as the attorney's fees and expenses incurred by the Campground.

Termination of Agreement. This Agreement terminates on the expiration date. On or before that date, the Camper will remove the Unit from the Campground, quietly and peacefully. The Camper is responsible for removing the unit with appropriate care for the Campsite to restore the Campsite to its original condition. The Campground may determine, for any reason in the Campground's sole discretion, that it is necessary for the Camper to leave the premises of the Campground prior to the scheduled end of the Period. In such an event, the Campground will direct the Camper to leave the Unit and the Campground. The Camper will be given one (1) day to cease to occupy the Unit and Campground, and five (5) days to remove the Unit from the Campground. In the event of a disturbance of the peace or order of the Campground, the Campground reserves the right to require the Camper to leave immediately. If the Agreement is terminated early, whether it's the decision of the Camper or the Campground, the Camper has no right to a refund.

Winter Storage. The Campground may allow the Unit to remain on the premises of the Campground during the period between the end of the season for which this Agreement was executed and the commencement of an additional period. The fee for winter storage shall be \$80 only if an agreement has been made for the ensuing camping season. The Campground is not required to agree to allow a Unit to be stored on the Campground. Agreement to permit winter storage does not obligate the Campground to agree to permit the Camper to Occupy the Campsite in the ensuing camping season. The Camper must properly prepare the campsite and Unit for winter storage according to the Campground Rules. During winter storage, no one may Occupy a Unit or a Campsite. We strongly suggest securing your propane tanks and batteries.

Winterizing. Lazy Days Campground no longer offers winterizing. The Camper understands that they are solely responsible for making sure their Unit is winterized. The Camper understands that winterizing must be completed by October 31st, at 5pm, no exceptions. No Campers or RV serviceman will be admitted to the Campground after 5pm on October 31st.

Removal of Units. If a Camper fails to remove a Unit as required by this Agreement, the Camper acknowledges that the Campground has the right to remove the Unit. The Campground will attempt, before removing the Unit, to notify the Camper and provide the Camper with five (5) days to remove the Unit. After 5 days the Campground will remove the Unit. The Camper acknowledges that the Campground is not responsible for damage to the Unit caused by its removal from the Campsite. The Camper shall pay the Campground's expenses to remove the Unit, a flat fee of \$150, and the campground will turn the unit over to local law enforcement, and the unit may be impounded at the Camper's expense.

Charge For Non-Removal. There shall be a charge of \$25 per day for non-removal of a Unit on or before the date on which the Unit should be removed, which shall commence on the date of termination and continue until the Unit is removed from the Campsite/Campground.

No Transfers or Assignments of Agreement. This Agreement is solely between the Camper and the Campground. The Camper may not transfer this Agreement to any other person or persons, or assign the Camper's obligations to any other person. The sale or repossession of a Unit shall result in Early Termination, and removal of the Unit unless the Campground agrees, in its sole discretion, to enter into a new agreement with the new Camper.

General Terms and Conditions. The Campground may not be deemed to have waived any requirement of this Agreement by failing to enforce terms of the Agreement. The Rules adopted by the Campground are part of the agreement between the Campground and the Camper. No oral modifications of this Agreement control. This Agreement is controlled by Wisconsin law.
